SUMMARY

I am seeking opportunities to join a company that will help me further develop and enhance my skills. I have 4 years of experience in the IT industry, specializing in software solutions, support, and web development. Dedicated to continuous learning and delivering high-quality digital experiences and technology professional with solid background in developing and implementing software solutions. Competent in coding with various programming languages, problem-solving, and collaborating in agile team environments. Committed to delivering high-quality code and maintaining robust software systems.

WORK EXPERIENCE

Shopify Developer - Vismay International Corp

2024 - Present

- Developer a fully functional e-commerce website with authentication, cart management, and payment integration.

Application Systems Engineer - Fujitsu

April 2022 - Sept 2024

- Led an external project using Visual Basic to automate workflows, improving efficiency and reducing manual processes.
- Experienced in building and optimizing responsive websites using HTML5, CSS, and JavaScript, ensuring cross-browser compatibility and an enhanced user experience.
- Design and develop custom software solutions using object-oriented programming, handling requirements gathering, modeling, testing, documentation, and ongoing maintenance.

PROJECTS

GameXtreme E-Commerce Website

Website Developer

- Contributed to the development and ongoing maintenance of an e-commerce website focused on selling game consoles, accessories, and related products.
- Implemented and updated front-end features to improve product presentation, navigation, and overall user experience.
- Assisted in maintaining site performance, fixing bugs, and ensuring smooth functionality across desktop and mobile devices.
- Collaborated with the team to deploy updates, manage content changes, and support daily operations of the website.

Platinum Karaoke E-Commerce Website

Website Developer

- Participated in the development and continuous maintenance of an e-commerce platform selling karaoke machines, microphones, speakers, and audio equipment.
- Worked on front-end enhancements to improve usability, layout, and responsiveness.
- Performed regular updates, troubleshooting, and feature improvements to keep the website stable and user-friendly.
- Supported product listings, promotional updates, and overall site optimization.

Booster Theme – Shopify Theme Store

Website Developer

- Developed the Booster Shopify theme from scratch, including custom templates and reusable sections designed for performance and scalability.
- Built flexible and customizable Liquid templates and sections to support dynamic content, product displays, and marketing features.
- Implemented responsive layouts and optimized front-end performance to meet Shopify Theme Store standards.

TECHNICAL SKILLS

Frontend Development

HTML5, CSS3, JavaScript, React, Tailwind CSS, Responsive Web Design
